ILI Technologies Announces Changes to the Board of Directors

Calgary, Alberta – ILI Technologies Corp

Mr. Serge Bonnet has resigned from ILI's Board of Directors to concentrate on his responsibilities as Vice President of Business Development for the US market. Mr. Bonnet is creating the marketing and sales infrastructure to support the growing demand for ILI's proprietary Pressure Trax technologies coupled with the Corporation's recently released Remote Digital Display (RDD) technology.

ILI Technologies Corp. (ILI) is pleased to announce the appointment of Mr. Jean Cote to the Board of Directors.

As a director, Mr. Cote will contribute his expertise on the Corporation's daily operations to improve corporate strategies designed to maintain high profit margins and build market share. Mr. Cote was appointed President of the Corporation January 2000. Mr. Cote joined ILI as Manager of Sales and Marketing and served as Chief Operating Officer up to December 1999.

ILI is a Calgary-based high technology corporation whose principal business is to develop, manufacture and market Information Technology (IT) solutions that improve business performance. ILI's existing suite of integrated hardware and proprietary software products provide innovative, robust and cost effective data capture solutions in the growing North American and international markets for IT applications.
